

INDEPENDENT FILM SEEKS INTERNS: MARCH 2 – APRIL 10

FULL AND PART-TIME OPPORTUNITIES AVAILABLE

Based on skills and interest, tasks might include:

- building walls / light carpentry;
- creating scenes (i. e., painting sets and signage and / or graphic design of set elements like book covers, posters, signs)
- running errands & accompanying crew on out of town furniture shopping trips;
- conducting related internet research.

Experience working in film isn't necessary, but interns should be able to work on a full- or part-time basis from March 2 – April 10. This is a great opportunity to work with an award-winning independent film director, to gain exposure to the film industry, and to work behind the camera with the art department.

Interested applicants can send a brief email explaining any relevant skills and availability to Kat Uhlmansiek at katuhlmansiek@mac.com.
