

The Dean's Office of the College of Arts and Architecture at Montana State University is excited to announce the Student Opportunity Grant Program.

Eligibility: If you are a graduate or undergraduate student enrolled full-time in degree granting programs available through the College of Arts and Architecture, you are eligible to apply for funding to support unique opportunities that will enhance your education at Montana State University.

Please note: Student Opportunity Grants will not be awarded to support thesis or project production costs, to purchase equipment, nor to support regular course activities.

Grant Amounts: Typically grants range between \$100.00 and \$1,000.00.

Applications may be submitted at any time by providing to the College of Arts and Architecture Dean's Office:

- A one-page proposal explaining:
 - The purpose and value of the unique opportunity for which funds are requested.
 - The impact this unique opportunity would have on your education and future career.
- Detailed budget of costs. Also list other sources of funding you have received or to which you have submitted requests. Evidence of other funding (e.g. School funding, internal or external grants, Undergraduate Scholars Program) will weigh favorably in the decision-making process.

Expectations of Grant Recipients:

- All awards require submission of a short (one-page) summary of the experience and its impact on your education (include relevant images if possible) to the Dean of the College of Arts and Architecture upon return.
- An informal presentation of the experience to one's peers.

Awards are dependent on merit of proposal, value of experience and available funding.

Please contact JoDee Palin, Assistant Dean, College of Arts and Architecture, 217 Cheever Hall, 406.994.6654 or jpalin@montana.edu for further information.
